Three compression HIGH SPEED BALERS

Fully automatic very heavy duty three compression balers designed to give you high density bales and fast cycle times with even the most difficult feed material. Suitable for ferrous and non ferrous scrap.

Robust and solid structure - Heavy duty box design
Feed box - Wide and deep for extra volume
Liners - Fully replaceable bolted flat, castellated or washboard liners
Lid - Equipped with trimming blades to cut through scrap as lid closes
Fast cycles - Superior hydraulic unit for fast and smooth cycle times
